TIMBERHILL TOWNHOUSES NEWSLETTER

NOTICES AND EVENTS AT THTA

We are so fortunate to have such beauty around us! Thanks to the Landscape Committee, the professional landscapers we employ and to all who nurture the gardens and plantings in THTA!

Thank you

To all THTAers! You have been patient with me in these past months—I know I forgot things, made mistakes and had confusing times—but you all have been kind and understanding and have helped me greatly to process Michael's passing. Blessings to you!
Mary Frances

Activities in the works

Make sure you check the Board minutes and the Newsletter each month as there are activities and announcements you won't want to miss. For example:

--the pool-opening date is May 31 and pre-opening assistance is needed on May 24. Please contact Linda Nimmo to sign up and help out. The official pool party will be Saturday, June 7, 1-3p.

--the rhododendrons need to be readied for next year by removing (in a specific and important way) the dead blossoms—for expert instruction on how to do this (it's actually rather cool!) contact Perky Genne.

--see the minutes for information on signing up for CPR training. You should have received a flyer regarding the training. Contact Dan Quick.

Reminder

"We in garbage"....when putting your trash cans out for emptying,
*please place the cans 2-3 feet apart
*please make sure each can has your address on it
*garbage should be bagged in biodegradable bags—it's the right thing to do...
